**PILGRIM 1:** Do you think it's important for posterity to accept Baba as the Avatar? For the preponderance of humanity to accept Baba as the Avatar?

**ERUCH:** Of course it is but natural. Otherwise whether they accept or not. If they reject Him He doesn't. That does not belittle Him. If they accept Him that doesn't enhance His divinity or anything of the sort. It's nothing. It's for your own good. For your own benefit.

**PILGRIM 1:** It seems like humanity accepts the Avatar of that time when the next Avatar.

**ERUCH:** Avatar is come. Yeah.

**PILGRIM 1:** When the Roman Empire accepted Christ before Mohammad [crosstalk].

**ERUCH:** Yeah, yeah, yeah

**PILGRIM 1:** Just [inaudible]

**ERUCH:** It is. It always takes time.

**PILGRIM 2:** [inaudible] 700 years give or take.

**PILGRIM 1:** No I think it wasn't. It was 600 [crosstalk]. It was 600 or 700.

**ERUCH:** Not necessary. Don't make it a rule like that. But it takes time.
